

Character Descriptions 2

Step One

In pairs, design the following characters in **Funny Figures** and save them to the **Camera Roll**:

- Mrs Smoogle – a teacher
- Mr Pringle – a magician
- Miss Tweedle – an actress

Step Two

Open Tellagami Edu and design a new character, changing:

- Character
- Emotion
- Background

Think about one of the characters you created in Funny Figures and use your Tellagami character to describe that person:

- Who are they?
- How old are they?
- What is their personality like?
- What do they like to do?
- What makes them special?
- How would you recognise them?
- Why do they dress in these clothes?

Step Three

Open **Book Creator**, add a **New Book** (Portrait) and using the tools at the top, add the title *Character Descriptions*. Use one of the pictures of your characters for the front cover. What else do you think you need for the front cover? On the inside of the book, import a picture of the character and on the opposite page import the Tellagami video you created. Give each page a suitable title and explanation text. Open your book in iBooks and review it. Does it need amending?

As an extension activity, pupils can return to their Character Book and script a conversation between two of their characters.
